

# AT WORK

A SELECTION OF DIFFERENT EXAMPLES FROM THE EVERYDAY EXPERIENCE OF BOSKALIS | AUGUST 2011

**THIS 'NINA AT WORK' IS DEDICATED ENTIRELY TO THE COMPANY-WIDE CELEBRATION OF 1 YEAR NINA. HEREBY AN IMPRESSION OF SOME CELEBRATIONS.**

## KICK-OFF AND 1 YEAR OF NINA ON BOARD THE "ORANJE"

A celebration of NINA's 1st anniversary was combined with the kick-off meeting for the offshore Dana Medway project on board the "Oranje" in Vlissingen in the Netherlands on July 13, 2011. The event was also an opportunity to acknowledge the pride justifiably felt by the crew of the "Oranje" based on the leap forward on board the vessel over the last year. There are more open discussions now than before and there have also been further improvements in work preparation, for example. NINA is being taken seriously. To mark the achievement, a genuine Zeeland NINA "bolus" was handed out to each member of the entire crew. Ko de Blaeij, Business Unit Manager Offshore, also attended this meeting.

## COMMITMENT SENIOR MANAGEMENT

As part of the events marking the 1st anniversary of NINA, the Senior Management held a NINA meeting on July 5 where they once again emphasized their commitment to safety and the NINA program. The meeting focused in particular on what we have achieved in 1 year, as well as on the remaining issues and the key areas where further improvements can be made. We have made great strides forward and can be justifiably proud. However, there is still a way to go, but we look forward with confidence.

## "BUHNENBAU OTTERNDORF"

Heinrich Hirdes and their partners on the "Buhnenbau Otterndorf" project celebrated the 1st anniversary of NINA together under the summer sun on July 7, 2011. A number of speeches looking both back and forward were followed by 2½ hours of discussion about a range of NINA-related issues. The NINA celebration ended with a well cared for barbecue.

## WARRI, NIGERIA

On July 22, 2011, in front of the entrance to the Merogun Yard, NWDM also took a 'time out' to mark 1 year of NINA. Jack van Rees, Rob van Gemert, Tony Kadiri and Victor Ekasa spoke about their personal commitment and the positive initiatives taken during 1 year of NINA. To date, NWDM has handed out around 1000 NINA umbrellas.
